6		Feedback from Computer programming club on the impact of fundraising.
7		Healthy eating update- information for the website and competition launch for 'healthy sandwich'
8		Fundraising ideas for Spring term.
9		AOB

Minutes 9th Feb 2015

Budget review/ raffle	Over £100 raised from the raffle- thanks to the support of those involved. This will now be used to support the computer programming club.
Feedback from computer programming club.	RUHU visited the club and saw the impact of the new kits which students are using to develop computer programming skills at the Academy. In the summer term we would like Friends of CBA to come to a session.
Healthy Eating	We reviewed the information. This is now uploaded onto the website for all parents to use in terms of supporting healthy lunch boxes. The competition for a healthy sandwich will be advertised with a £20 token as a prize.
Fundraising ideas	Possibility of an Easter hunt?
AOB	We looked at trying to increase membership. Should we change the start time or link into parent evening next year as despite text messages to all parents and the meeting being on the website we still have a small turn out!
