Corby Business Academy

Parents and carers can pay for catering, trips, calculators, revision guides and music tuition online through our payment system, WisePay.

WisePay allows the Academy to operate a cashless system whilst also helping parents and carers to save time and deal with money matters in a secure way.

A personal account for each student is generated; parents and carers with more than one child at the Academy have the ability to merge accounts.

The catering section of the system also gives parents and carers the facility to view what their child is purchasing from the restaurant.

If you have any queries about the system please contact Admin Finance.
