

KS4 & KS5 Unit Home Learning Timetable

Please see the updated in school and remote learning timetable for KS4 and KS5. We have reviewed and increased the range of subjects offered with a blend of activities to further support each child's EHCP plan targets. Work returned will be tracked and monitored by your child's subject teacher. Tasks continue to be relevant to current student levels, complimenting the present curriculum. The additional daily challenges and enrichment activities have been designed to support student Educational Health Care Plan areas of development. Each child has three specific targets to work towards, these have been shared with you.

Each day, work and challenges will be sent directly to each student via their Corby Business Academy email address. When work is completed, students can email this directly to their subject teacher, base teacher or LSA so we can track what work has been completed and can provide feedback. If your child is unable to return work electronically e.g. they have been working on paper, please collate this. We will be arranging times where we can collect this as it is integral we understand what work is been accessed and are able to provide feedback. If your child is having any issues accessing their work please contact your child's subject or base teacher.
