

Corby Business Academy - Optional Extra Curricular activities

We are all too aware of the challenges for families and students during current national school closures. Therefore, please see below some optional choices for our community to engage with at their leisure. Please feel free to access these in your own time, after timetabled lesson or indeed the weekend. Whilst we will maintain our lesson delivery and academic communications with you, we are also keen to support your well-being.

Please feel free to keep us up-to-date with your activities on our social media accounts or direct messages / email to staff at the Academy.

This document is split into the five different sections indicated below.

Each section has its own page designed by specialist staff with lots of links and activities for you to engage with.

Numeracy

Top Tips

- ✓ Play Games on Maths websites
- ✓ Problem solve like Sudoku
- ✓ Try the starter of the day on Transum
- ✓ Card Games are always good, online or with family and friends
- ✓ Board games are a great challenge, especially games like Monopoly, Risk, Strategy Games of resources, Chess, draughts and there are many apps now you can download for free, but how about playing with friends and family!!!!
- ✓ Have you tried doing the family budget with your parent/carer?
- ✓ Sit down and work out the meal recipes for the week, how much ingredients do you need? How much will it cost? Who is going to carry the heavy bags at the supermarket?
- ✓ Learn a new game like chess, or Gin Rummy, Spades,
- ✓ Think of seven impossible things a day

Useful web-based links

- Go onto any web browser and search for maths games!

- <https://www.mathsisfun.com/games/index>, *loads of games*
- <https://www.palace-of-cards.com>, *learn or play new card games*

Challenges

- Tell us about the best maths websites you found
- Start a league with your friends, who can get the highest score? Who can solve the hardest puzzles
- Build the largest Tower out of anything you can and take a picture of it
- Throw a ball between you and a friend or family member, what was the shape of the flight? Could you catch it? How high did you manage to throw it? What was the maximum distance you could throw it? Did the ball stay in the air? How long for?
- Trying throwing something else, like a wellington boot!!!
- On your walk, observe something, like flowers or trees, why do they have the same basic shapes? Any other questions you want to ask, and the more ridiculous the BETTER!
