Curriculum Statement:

The Modern Foreign Languages curriculum will enable students to build their language skills so that they are confident and increasingly more independent learners. It will ensure that students develop a series of linguistic skills such as translation, reading, listening, speaking and writing.

Through a variety of engaging and socially relevant topics, students will continually build on their vocabulary. We will deliver a curriculum where all students can relate with a global community, as well as acquire knowledge to interact with confidence when opportunities arise.

Planning and delivery will support learning and reasoning skills so all students can access a Modern Foreign Language. We will deliver varied content and learning opportunities, which contain a strong emphasis on preparing students to be global citizens. Through obtaining knowledge of other countries, students will gain cultural capital and knowledge of other customs that can last a lifetime.
