

Northamptonshire Teaching School Hub

led by Brooke Weston Trust

“North
Northants is
a great place
to train
to teach”

School Experience Taster Days //

Aspiring teachers across North Northants are
being invited to try their hand at teaching

These taster days will offer an immersive experience where attendees will be able to see what it takes to teach in a local school.

Come and join us and start your exciting adventure into the career of teaching! During the school visit, you will have the chance to engage with students' learning, talk to students and teachers and possibly take part in some small group work.

The day will be open to those looking for a teaching career in a range of secondary subject areas.
