

Combined Cadet Force Association

The Charity Supporting Cadets in Schools

£75 for 75 years!

2023 marks the 75th anniversary of the Combined Cadet Force (CCF) and the 72nd anniversary of the Combined Cadet Force Association (CCFA).

The CCF has grown so much over the past 75 years with so many young people getting opportunities to develop, achieve and succeed and CCFA has been proud to support them through giving charitable grants. To recognise the importance of this relationship between the CCF and its charity and to celebrate 75 years of CCF, we are asking all contingents to commit to raising £75 for CCFA by April 2024.

The money raised by £75 for 75 years will go to offering grants to those cadets who need it most and thus help them take full advantage of the outstanding life development opportunities offered by the CCF.

Last financial year, CCFA awarded over *£900,000* in funds to support individuals and CCF Contingents.

Donations can be made online via;
